Arrow works with Partners Worldwide's investment wing, Partners Worldwide Entrepreneurs (PWE), to access a pipeline of entrepreneurs who are looking to scale their businesses via debt instruments. Additionally, Arrow and PWE serve as co-investors for deals they work on together.

Throughout the entire process we've had the support of nine attorneys from Kirkland & Ellis' New York office.

Kirkland & Ellis LLP is a 1,600-attorney law firm representing global clients in complex litigation, dispute resolution and arbitration, corporate, restructuring, tax, and intellectual property and technology matters. The Firm has offices in Beijing, Chicago, Hong Kong, Houston, London, Los Angeles, Munich, New York, Palo Alto, San Francisco, Shanghai and Washington, D.C. Kirkland is committed to providing legal services without charge to those who cannot afford counsel, with the goals of improving lives, bettering communities and deepening our professional experience.

Bambo is an entrepreneur in Mozambique who graduated from an acceleration cycle with Africa Works. In August 2015, Bambo received \$37K from Arrow and (co-investor) PWE for his company, Africa Poultry Works. Bambo and his team of six provide comprehensive services to small scale poultry farmers throughout Mozambique. Through Bambo's distribution business, small farmers have access to retail quantities of feed, baby chicks, medicines, and veterinary services at wholesale prices.

Arrow Global Capital knows small- and medium-sized enterprises (SMEs) are the building blocks of the global economy. This is why Arrow mobilizes idle capital to finance SME entrepreneurs (aka, job creators) around the globe. Arrow is transforming how the world invests in emerging markets.

Arrow is persistently working to grow its network of guarantors. Through the support of these guarantors and the execution of individual guarantees through our domestic lending partners, we are able to secure funds that go directly to emerging market entrepreneurs in the form of loans.

Through Partners Worldwide's network, Arrow has an agreement with Africa Works, a business accelerator serving southern Africa. Africa Works provides business training, mentorship, and coaching to the enterprises it supports.
